

# Premium Floor Sealer

## Premium Floor Sealer

### Description

Premium Floor Sealer is a water-based sealer that leaves a uniform and smooth surface. Premium Floor Sealer creates a barrier against hydrophobic stains such as asphalt/coal tar and is ideal for hard surfaces such as resilient tile, terrazzo and quarry tile floors. The advanced formulation provides a multifaceted protection to floors.

### Features & Benefits

- Premium Floor Sealer is a semi-permanent sealer with large labour & material savings.
- Excellent for all busy floors, including shopping centres, hospitals and commercial buildings.
- Hard surface sealer recommended for resilient tile, terrazzo and quarry tile floors.
- Water-based sealer creates a barrier against hydrophobic stains such as asphalt/coal tar (commonly tracked in through parking lots) and anti-oxidants.
- Many organic stains are also repelled such as urine, coffee, tea and sauce.
- Premium Floor Sealer remains intact during stripping, ultimately eliminating the need to reseal floors after every strip cycle.
- Assists in preventing the need to replace floor tiles.
- Self-levelling. Provides a consistent and even coating across floor surfaces.
- Covers a large floor space per litre, reducing costs and increasing efficiency.

### Product Specifications & Information

Appearance:	White
pH:	7.5-8.5
Viscosity, cps	<100
% Solids	21.5%-22.5% w/w
Dry Time:	Allow at least 60 minutes depending on weather conditions.
Coverage:	49-61m <sup>2</sup> /L

### **Use Directions**

Strip the floor with Multistrip and then rinse the floor. Allow it to dry thoroughly. Apply 1 thin coat of Premium Floor Sealer using a clean synthetic mop or applicator. Allow floor to dry and cure thoroughly for approximately 60 minutes. Apply 2 coats on quarry tile.

After Premium Floor Sealer has cured, apply 2-3 coats of Premium Floor Finish. Follow recommended instructions.

### **Storage**

This product should be stored under cover, out of direct sunlight and avoiding extreme temperature changes.

### **Safety Information**

Premium Floor Sealer is classified as NON-HAZARDOUS according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS) criteria of Safe Work Australia and is classified as a NON-DANGEROUS GOOD according to the Australian Dangerous Goods Code.

Refer to our safety data sheet (SDS) for more information or consult your Chemform representative for further assistance.
